MEMORANDUM FOR THE RECORD:

SUBJECT: PSB Panel B Meeting on 14 September

25X1A5a1
1. Each Task Group Chairman briefed his progress to date. Groups II and III appeared to have made about the same scale of progress as Group I. I handed out to the members to quickly glance at, and then recalled, a copy of Annex I, "Cold War Weapons and Techniques." [REDACTED] asked that he be officially furnished a copy for his files through the regular registered channels, which I did. He assured me it would have no official status or distribution.

2. It was decided that copies of each Task Group's papers should be furnished the Chairmen of the other Task Groups to facilitate coordination. There have been no paper exchanges to date.
